Investment Objective and Criteria

The CW North American Growth Portfolio aims to increase the value of your investment over the long term. The portfolio is diversified into mid-to-large capitalization stocks or trust units listed on the S&P/TSX Composite Index or the S&P 500 Index. The portfolio consists of up to 30 securities (no more than 15 to each country) and is diversified by industry sector according to our process and investment policy. This enables the investor to gain exposure to the strongest opportunities within an equity pool of over 700 securities and two distinct economic climates.
